General Terms and Conditions

Scope: This Agreement is between You (also referred to as "Owner") and Olshan (also referred to as "Contractor"). The "Scope of Work" (referred to below as the "Work") to be performed is as set forth on the Agreement and drawings provided and referred to as Addendum A. All Work will be supervised by an Olshan employee and only the Olshan employee may collect payment for the Work performed. Installation is limited to the described Scope of Work, subject to any agreed upon Change Order. All Work will be completed in substantial accordance with the described Scope of Work. The "Scope of Work" is not intended to be an exclusive remedy concerning the current or future need for additional work in other areas associated with this structure.

Although Contractor has examined the Structure, Contractor is not familiar with conditions below grade level, the design of the foundation, or the construction materials used in the foundation and this repair plan is based upon experience in the industry. The price quoted is based upon visual observations and with the assumption the Structure has been built using standards of construction and concrete or other material thickness as determined by standard building codes and practices. Unless specified, the Scope of Work is not based on an Engineering Structural report. You may obtain an independent Engineering Review at your own discretion and cost to evaluate the scope of work prior to signing this Agreement. Prior to commencement and during the performance of the Work, conditions may exist or be discovered that were not visible or known when the Agreement was submitted and signed. If any unforeseen or unknown conditions arise or are discovered, Contractor, in its sole discretion, may provide Owner with a Change Order for a new "Scope of Work" for Owner to sign and approve. Unless specified in the "Scope of Work", this Work does not include the services of an independent registered Engineer to evaluate, design, inspect, or report on the Work performed. Owner acknowledges acceptance of the "Scope of Work" to be performed by Contractor. If an Engineer or other third party is employed by Owner, all cost and liability associated with the third-party evaluation and recommendations shall be the sole responsibility of Owner and may require a Change Order.

Your Responsibilities: If the property is subject to any easements, covenants or other legal encumbrances that could affect installation or the work to be performed, You agree to give written notice to Contractor identifying the extent and location of the easements, covenants or other legal encumbrances, prior to commencement of the Work to be performed. IF YOU CHOOSE TO ASSIST CONTRACTOR WITH ANY PART OF MATERIAL DELIVERY, INSTALLATION, OR ENTER THE CONSTRUCTION AREA, YOU ASSUME THE FULL RISK AND ASSOCIATED PERSONAL INJURY LIABILITY. You agree that all warranty claims against Contractor, it's employees, agents, owners, or subcontractors, under this Agreement shall be made to Contractor within 30 (thirty) calendar days of the date You first become aware of the problem.

Contractor's Responsibilities: Contractor will complete the Work in a workmanlike manner.
